Care Coordination Program

Rural Health Tasmania acknowledges and pays its respect to the traditional and continuing custodians of the lands on which we operate. Rural Health pays its respects to Elders past, present, and emerging.

Rural Health is committed to offering culturally safe and inclusive services.

Care Coordination

- Care Coordinators work with you, your GP, and other health providers to assess your health and care needs.
- They find and arrange the services you need to stay healthy and independent.

Accessing Care Coordination

→ How

You can access our service through referral. Referrals can come from yourself, a friend, family member, GP, or another organisation/service.

→ Cost

This is a FREE service.

→ Location

Care Coordinators are located in:

- Smithton
- Wynyard
- Ulverstone
- Sheffield
- Queenstown
- King Island

Care Coordinators can help you to:

→ Plan & Manage

Helping you plan and manage your health and wellbeing, recognising that you are the expert of your own life.

→ Access

Improving your access to services through finding and providing information and referral to additional or alternative services and/or organisations.

→ Support

Supporting you to understand your condition and how to manage it effectively.
